

Research Solutions

Automotive Products Division

Focus is the formula.

Working as a developmental partner with our customers in the automotive industry, we have put years of research into the development of Sure Flow® by Research Solutions—our specialty line of acrylic lacquer thinners, clean-up thinners, reducers, industrial products and accessories formulated for autobody professionals. A high quality, cost-effective alternative to expensive brand names, Sure Flow® offers a wide assortment of solutions for your refinishing needs.

Acrylic Lacquer Thinners

Sure Flow® 2000 Fast Premium Thinner

- Meets or exceeds highest industry standards
- Produces a smooth and even flow-out
- Excellent for primer surfaces, panel repairs and blending spots
- Outstanding performance at a competitive price

Sure Flow® General Purpose Thinner

- Consistent levels of active solvents for cutting and cleaning
- Costs less without jeopardizing performance, making this our best seller

Reducers

Acrylic Enamel Reducers

- High-quality alternative to major brand names
- Superior leveling with high-gloss finishes with most paints
- Available in fast, medium and slow grades

Urethane Reducers & Synthetic Enamel Reducers

- Brilliant gloss and even leveling
- High-quality alternative to expensive brand names
- Great for use with virtually any brand of primer, basecoat, or clear coat

Research Solutions is dedicated to providing our customers with environmentally friendly solutions. Talk to one of our specialists about HAPs-free and low-VOC automotive products.

Products are available in one gallon, five gallon, and 53 gallon drums.
