

Research Solutions

Environmental Services Division

Focus is the formula.

As a full-service distributor, Research Solutions is committed to providing quality solutions to your waste management needs, from minimizing waste generation on the front end to meeting waste collection and disposal needs on the back end. We also take the guesswork out of federal, state and local regulations to make sure you always attain full compliance. Because we are focused on being faithful stewards of the environment, we continuously seek better ways to help preserve our planet in all that we do.

Services

Waste Treatment and Disposal Solutions

- Evaluation of recycling or fuels-blending potential to minimize disposal costs and maximize disposal options
- Reuse evaluations of each waste profile
- Accurate profiling of waste streams for optimum cost effectiveness
- Assistance with providing labels and manifests by our trained staff

Recycling Services

- Optimization of your renewable resources
- Adequate profiling to qualify your recycling and recoverability alternatives
- Utilizing latest equipment and distillation technology for recovery of re-usable materials

Transportation

Chemical and Pharmaceutical-chemical Streams

Obsolete Chemical Inventory

A black and white photograph of an industrial facility. In the foreground, several large, horizontal pipes run across the frame, supported by metal brackets. In the background, there are several large, cylindrical storage tanks. The sky is overcast. The text is overlaid on the left side of the image.

With clear focus on our core values—
integrity, quality, stewardship, service
and discovery—Research Solutions
strives every day to provide the best
customized solutions to meet the
unique needs of the industries and
individual businesses we serve. It's
about working hand-in-hand to solve
problems and create possibilities.
It's about our passion for helping
our customers achieve their goals.
Research. Solutions. Two elements
forming one dynamic compound.
And one dynamic company.
